

A photograph of a ceramics workshop. The room features a white brick wall at the back, a concrete floor, and wooden ceiling beams. In the center, there is a black metal table with two white buckets on it. To the right, a wooden potter's wheel is mounted on a wooden stand. A black trash can is visible under the table. On the left, a wooden pallet holds some pottery. The text "ceramics workshop" is overlaid in white at the bottom left.
